No need to tell me what you're thinking
I see it in your eyes you're barely breathing
Can't believe I'm seeing what I'm seeing
Let's take this time alone
To find out what we're feeling

I've got a heart full of gold
Now it's sinking
And I'm trying to hold it
'Cause I'm thinking
I'm not ready for this
Tell me you're ready for this

I've got a melody
That makes my bones shake
You are my melody
I'll sing it 'til my bones break

Let's take this slow
I've got my reasons
I know you know
'Cause we've been seeing
We're getting closer by the seasons
We'll take this time alone
To find out what we're singing

So hide the evidence
Bury our promises
Recount our common sense
Before we make a mess of this

Are you ready for this?
Tell me you're ready for this

Take me away
Why does it feel so good, so right
(I won't lie)
How can we say
That we're keeping it hush tonight
Then why does hush sound like...

Is that what we asked for?

Is that what we asked for?
Cause we got what we asked for
We got it figured out

We've got a melody
That makes our bones shake
You are my melody
I'll sing it 'til by bones break
