I'm over my head  
And I think I said something  
Under my breath  
But I swear it meant nothing  
I'd rather be dead  
Than let go of this passion  
Forget what I said  
Cause its coming up fast

And for now we'll be  
The ones on the back seat  
We'll never give up  
Cause now we know it's not easy  
To get what we love  
And go all the way to the coast  
And give up everything  
To sing the songs that we wrote

Now I'm gone  
And I'm not stopping 'til they're  
Singing our songs  
I hope that they understand

North Carolina you know that I wanna  
And I'll be coming after you but I've gotta hit  
South California before I get to go but  
I can't wait to show you just the way we move

So don't pretend that you can help me  
Think about it  
All this talk is unhealthy  
It's making me sick  
But I know that you're not worth it  
Your time is gone  
But the clocks still running

I'm not coming back for you

I'm gone, gone with the beat  
I feel it take control of me as my  
Heart syncs to 1, 2, 3, 4  
I get the feeling that I just might be gone

And I'm not stopping 'til there singing our songs
