We wait, we wait to let it all play out
in parking lots we shout our dreams
but dreams dont yell, they just tell
a tale. we go to make it sale to the

west coast will we find most
of the things we talk about
cuz i dont think that i can live without it
so ill bet a buck and hope we find good luck
cuz you know that i cant live without it

i never said it would be easy
but i never knew it would be so hard
to make our mark

you know that ive been thinking
thinking of leaving before it starts
before it starts

let it go
this isnt perfect but its all i know
if this were easy then id never hope
to get it right dont break me down
this isnt war its life

see me move on break down thats life now
im still young but my candles out
yeah this flame is high i wanna burn tonight

drive all night as the yellow and white
reflect the stars so bright i wanna burn tonight
let it go
this isnt perfect but its all i know
if this were easy then id never hope
to get it right dont break me down
dont break me down

cuz im not feeling it
im not feeling it

let it go
this isnt perfect but its all i know

if this were easy then id never hope
to get it right dont break me down
this isnt war its life

let it go
this isnt perfect but its all i know
if this were easy then id never hope (let it go)
to get it right dont break me down (its all i know)
this isnt war its life

cuz im not feeling it
im not feeling it

we were coming so far
and forgot who we are
we never stoke
never bought
the right of mind
