I know you've tried  
I know you've cried  
I know you've died  
A little inside but

Baby, you could be famous  
You could see your marble face all around  
Baby, you could be famous  
If you could just get out of this town

Just get out of this town now  
Baby, you could be famous  
You could sell the world a new look and sound  
Baby, you could be famous  
If you could just get out of this town

Just get out of this town now  
You sold your soul to rock n' roll  
Gave up control but here's your loophole

Baby, you could be famous  
You could see your marble face all around  
Baby, you could be famous  
If you could just get out of this town

Just get out of this town now  
Baby, you could be famous  
You could sell the world a new look and sound  
Baby, you could be famous  
If you could just get out of this town

Just get out of this town now  
You sold your soul to rock n' roll  
Gave up control but here's your loophole

You are the queen of every scene  
You are the king of everything

Baby, you could be famous  
You could see your marble face all around  
Baby, you could be famous  
If you could just get out of this town

Just get out of this town now  
Baby, you could be famous  
You could sell the world a new look and sound  
Baby, you could be famous  
If you could just get out of this town

Just get out of this town now  
You sold your soul to rock n' roll  
Gave up control but here's your loophole
