I don't want to get over you  
I guess I could take a sleeping pill and sleep at will  
And not have to go through what I go through

I guess I should take Prozac, right and just smile all  
night  
At somebody new, somebody not too bright but sweet  
and kind  
Who would try to get you off my mind, I could leave this  
agony behind  
Which is just what I'd do if I wanted to but I don't want  
to get over you

'Cause I don't want to get over love  
I could listen to my therapist, pretend you don't exist  
And not have to dream of what I dream of

I could listen to all my friends and go out again  
And pretend it's enough or I could make a career of  
being blue  
I could dress in black and read Camus  
Smoke clove, cigarettes and drink Vermouth  
Like I was 17, that would be a scream but I don't want to  
get over you
