

The Magnetic Fields "Smoke and Mirrors"

Someone else's world goes by
As my train runs through this night
Someone else's rain comes down
But no rain can touch me now

Smoke and mirrors
Special effects
A little fear, a little sex
That's all love is behind the tears

Smoke and mirrors
We were foolish, you and I
But there's no reason to cry
We put on a lovely show
But that's all, I had to go

Smoke and mirrors
Special effects
A little fear, a little sex
That's all love is behind the tears

Smoke and mirrors
We were foolish, you and I
But there's no reason to cry
We put on a lovely show
But that's all, I had to go

I don't know the stations names
I'll spend my life on this train

FumÃ©e et miroirs
Effets speciaux
Un peu de peur
Un peu de sexe
Sous les lÃ¢rmes
L'amour n'est que sa
De la fumÃ©e et des miroirs
