So the sun goes down and the world goes dancing
And the stars come out and they all go dancing
And there is nothing I'd like more
Than a twirl across this rickety old floor

Well, I don't know why but I just feel like dancing
I can't imagine why but I feel like dancing
And there is nothing in this world
That I'd like better than a twirl across your rickety old
floor

Maybe it's you, you know your eyes are awful blue
Maybe it's more, maybe you're all I ever waited for
After all the endless nights
When I wished I could still cry

The sun goes down and the world goes dancing
And the stars come out and they all go dancing
And there is nothing I'd like more
Than a twirl across this rickety old floor

Well, I don't know why but I just feel like dancing
I can't imagine why but I feel like dancing
And there is nothing in this world
That I'd like better than a twirl across your rickety old
floor
