When I was a little boy way out in the the wood  
I had neither friend nor toy, never knew I could  
When I found this lonely road off I walked for good  
When I was a little boy way out in the wood

Walk a lonely road with me, I will walk with you  
Half as lonely we will be when we walk as two  
If the road goes straight uphill we'll admire the view  
Walk a lonely road with me, I will walk with you

When I was a little girl on the lonesome plain  
I had neither pal nor pearl, mostly wind and rain  
One day I set out along a little winding lane  
When I was a little girl on the lonesome plain

Walk a lonely road with me, I will walk with you  
Half as lonely we will be when we walk as two  
If the road goes straight uphill we'll admire the view  
Walk a lonely road with me, I will walk with you
