All I can do is sit alone in my room baby  
Thinking about ya  
How could this be that you are not here with me  
When I gave you the best of me  
I face each day (each day)  
Without a smile  
And life seems so unfair  
I feel like I wanna (like I wanna) die  
You didn't even give me a last  
You didn't give me a last goodbye baby  
I've waited weeks for your call  
I've waited here by the phone  
But when the silence grew long (it grew to long)  
I knew that something was wrong (ooooohhhhhhhh)  
Right then I knew it babe  
How could you do it babe (how could you do it)  
How could you tear my poor heart in two (why did you  
have to do it  
ooooohhhh)  
How could you do it babe  
How could you do (how could you do) it to me (to me)  
Do it do it how could you do it baby  
And tear my poor heart in two  
Ain't no more blue up in my sky  
Only cloudy moments ha  
And the tears like rain you left behind  
All of those memories in the corner of my mind  
I started looking at a picture in a frame  
As I start to cry 'cause I can't picture us apart  
Oh my God can you help me  
Can you help me with this pain  
With this pain I've buried deep down inside.  
I've waited weeks for your call (yes I did)  
I've waited here by the phone (everyday)  
But when to silence grew long (too long)  
I knew that something was wrong (Yeah)  
Right then I knew it babe (baby)  
How could you do it babe  
How could you tear my poor heart in two  
(how could you do it how could you do it to me baby)  
Girl tell me it's not true (all my life)

Do I have to spend the rest of my life without you baby  
How can I get through  
How can I get through this pain this pain no deal baby  
I've waited weeks for your call (I've waited for your call)  
I've waited here by the phone (By my phone)  
But when to silence grew long  
(I knew it, I knew it, I knew it, I knew it)  
I knew that something was wrong  
Right then I knew it babe  
How could you do it babe (why you do this why you  
went away)  
How could you tear my poor heart in two (yeah yeah)  
Yeah baby oooohhhh  
I've waited weeks for your call  
I've waited here by the phone  
Break it down, break it down (But when to silence grew  
long)  
Break it down, break it down (I knew that something  
was wrong)  
Break it down
