Either you with me or against me
Tell me what you want to do, do you want to be with me
Baby you looking so good tonight I can't control myself
I want to take you home with me
And lay you on your back take off all your clothes
Make love to you like you never ever known
And I'm going to take my time and give it to you right
I want to make love to you all night
I'm going to take my time and give it to you right
All you have to do is hold the back of my head
As I stroke you back and fourth real slow, real slow nice
and easy, nice and easy
That's what I'm going to do all night long yall
Ain't no one gonna interrupt our love making baby
Twenty four seven 365 days of the year
I'll do anything to have your body here
Let's fly high like the bird we call a dove, let's fly high
when we making love
I just want to make love to you, but we go tot do it right
I just want to make love to you, I don't wan to fuss and
fight
I just want to make love to you, but we got to do it right
I just want to make love to you, I don't want to fuss and
fight
Baby you're looking so good
Do you want to dance take my hand and follow me
Let's dance the night away
You're gonna think that we are making love on the
dance floor
I'm gonna do so many freaky things to you
I'm gonna hold you so close grind on you real slow
I'm gonna make you want to get your coat and come on
home with me
That's my mission baby
I just want to make love to you, but we got to do it right
I just want to make love to you, I don't want to fuss and
fight
I just want to make love to you, but we got to do it right
I just want to make love to you, I don't want to fuss and
fight
I just want to make love to you
