You count 'em one, two, three  
You look so cute when you get that mad (get that mad)  
You drain the life from me and it feels oh so good

The looks you give are so contagious  
The way we move is so outrageous  
Just let me in (just let me in)  
We're wasting time  
Just let me in  
Let's make it right

So stay up and get down  
Sleep's just time spent wasting time  
So get down to get down  
Let's make it happen all night

You're moving close (you're moving close)  
My pulse is racing  
We're getting close (you're getting close)  
Yeah I can taste it  
I've never done it quite like this  
So slow it down now, just slow it down

The looks you give are so contagious  
The way we move is so outrageous  
Just let me in (just let me in)  
We're wasting time  
Just let me in  
Let's make it right

So stay up and get down  
Sleep's just time spent wasting time  
So get down to get down  
Let's make it happen all night

You count 'em one, two, three  
You look so cute when you get that mad  
You drain the life from me and it feels oh so good

You count 'em one, two, three  
You look so cute when you get that mad  
You drain the life from me and it feels oh so good

So stay up and get down  
Sleep's just time spent wasting time  
So get down to get down  
Let's make it happen all night

So stay up and get down  
Sleep's just time spent wasting time  
So get down to get down  
Let's make it happen all night
