I picked you up and lifted your wilted frame into the sun.

I was taken back, yeah i was taken back,
and by the time i caught my breath,
you had blossomed into something that i did not expect.

and if it takes all night,
I swear i'll wait,
for you,
forever.

sunlight, sunshine,
all for you my daisy.
we're getting this before you leave,
all for you my daisy.

you're a wreck and you know,
you've got me wrapped around your finger,
like a boy tangled in vines,
but i've figured you out.

and now we're here,
we're so confused,
and i wish that there was some way that i could tell you.

and if it takes all night,
I swear I'll wait,
for you,
forever.

sunlight, sunshine,
all for you my daisy.
we're getting this before you leave,
all for you my daisy.

[x3]
all for, all for, all for you my daisy

sunlight, sunshine,
all for you my daisy.
we're getting this before you leave,

all for you my daisy
