She takes her time with the little things  
Love notes reminding me  
She wears red when she's feeling hot  
I have her but it's all I got

She looks best without her clothes  
I know a song it's the way it goes  
I don't know what she sees in me  
But I'm happy that she's happy

Now that she's with me  
And I'm freaking out  
Because I'm just so lucky

Oh, she makes me feel like shit  
It's always something  
But I can't get over it  
She thinks it's nothing

'Cause she's everything I ask for  
Everything I ask for and just a little bit more  
Everything I ask for  
Everything I ask for and so much more

She loves music but she hates my band  
Loves Prince, she's his biggest fan  
Not big on holding hands  
But that's alright 'cause I still got her

She keeps up on current affairs  
Prada is what she wears  
I don't know what she sees in me  
But I'm happy that she's happy

Now that she's with me  
And I'm freaking out  
Because I'm just so lucky

Oh, she makes me feel like shit  
It's always something  
But I can't get over it  
She thinks it's nothing

'Cause she's everything I ask for  
Everything I ask for and just a little bit more  
Everything I ask for  
Everything I ask for and so much more

Fist fights turn into sex, I wonder what comes next  
She loves to always keeps me guessin'  
And she, she won't, won't give it up  
And we, we both, both know it's because

Oh, she makes me feel like shit  
It's always something  
But I can't get over it  
She thinks it's nothing

'Cause she's everything I ask for  
Everything I ask for and just a little bit more  
Everything I ask for  
Everything I ask for and just a little bit more

Everything I ask for  
Everything I ask for, so much more  
Everything I ask for  
Everything I ask for and so much more
