Just this once  
Just for now  
You can be anything  
In the world

Darlin' don't  
You start to scream  
It doesn't mean anything  
It's make believe

Kids in costumes  
Dressed like Kings and Queens  
Little monsters  
Walking down my street  
In this place I'll  
Be anything but me  
So you be brave and  
I'll still be eighteen

So just this once  
Yeah just for now  
yeah you can be anything  
Anything in the world  
And darling don't  
Don't you start to scream  
It doesn't mean anything  
It's just make believe

Kids in costumes  
Dressed for Halloween  
Ghosts and goblins  
Walking down my street  
We're all monsters  
Living in a dream  
So you be you  
And I'll still be happy

Forever Halloween...
