She's 18 and a beauty queen (a beauty queen)  
She makes the boys feel so weak (so weak)  
It's all for her or none at all  
She'll pick you up just to watch you fall  
It's her hands on my hips, I can't escape 'em  
It's that mouth and those lips, try not to taste 'em

That's just the way things are  
And the way they'll always be

Girls do what they want (whoa... whoa...)  
Boys do what they can  
Girls do what they want (whoa... whoa...)  
Boys do what they can

She's 18 and a beauty queen  
She's figured out all the boys like me  
Head to toe, you know she's dressed to kill (dressed to kill)  
And she could the way she's lookin' at me  
It's her face and those eyes, I can't escape 'em  
It's that mouth and those lies, try not to taste 'em

That's just the way things are  
And the way they'll always be

Girls do what they want (whoa... whoa...)  
Boys do what they can  
Girls do what they want (whoa... whoa...)  
Boys do what they can  
That's just the way things are (that's just the way things are)

Because the boys are feelin' jealous  
And it just doesn't make any sense  
Go on and tell 'em  
Why the girls are into fellas  
That toss 'em to the side in the end  
And you know that all the  
The boys are fallin' in love  
With girls who don't know what's up  
I think we've all had enough of this now

These kids are talkin' bout love  
I think we've all had enough  
We've had enough of this now

Girls do what they want (whoa... whoa...)  
Boys do what they can  
Girls do what they want (whoa... whoa...)  
Boys do what they can

Girls do what they want (whoa... whoa...)  
Boys do what they can  
Girls do what they want (whoa... whoa...)  
Boys do what they can
