"Goodbye"

Visit "[Goodbye](#)" on MotoLyrics.com

You've been searching for something
That you're never going to find
Look ahead to tomorrow
Kiss yesterday goodbye
All the wants vs. needs
I've been there, please believe me
Now here's something
You'll be singing, "Bye"
You've been walking with regret
Like there's no hope for today
No you can't paint it silver
And then call it gold
But you still paint it the same
You gotta say goodbye to yesterday
When the world gets in your way
You know what you gotta say
Now honey don't believe him
Lord knows he's been deceiving
So if you're looking for some healing
Look right my way
