I wonder what you taste like
The salt within your skin
Evil rages inside
Now I'm hungry for blood again

The moon invites the madness
Brings out the worst in me
Don't tell me this thing's loaded
Please don't tell me anything at all

You put
The gun
In my hand
So now run
I'll stall
The demons
But you really should be leaving

I never meant to hurt anyone
I really thought that we were just having fun

But you put
The gun
In my hand
So now run

It's cheaper to be guilty
Than lie right through my teeth
But god damn it kills me
More than you'll ever think

How'd I become so ruthless?
Where is the other me?
Don't tell me this thing's loaded
Please don't tell me anything at all

You put
The gun
In my hand
So now run
I'll stall

The demons
But you really should be leaving

I never meant to hurt anyone
I really thought that we were just having fun

But you put
The gun
In my hand
So now run

You put
The gun
In my hand
So now run
I'll stall
The demons
But you really should be leaving

I never meant to hurt anyone
I really thought that we were just having fun

But you put
The gun
In my hand
So now run
