Baby, my ears are open
And I'm watching you
That language your body's speakin'
It makes me sick
And you're not so smooth
'Cause you do it for the thrill
And I'm watching you
You know I'm watching you

'Cause you're in love with love
You're not in love with him
And I can tell by the way you play it off
Like you don't know what you're doing to him

And we've heard all about you
We know your every move
'Cause you're paper thin and it's visible
And with or without you
He'll make it through
'Cause you're paper thin and it's visible

When I get the chance
To expose the truth
I'm gonna make my move
I'm gonna make my move
'Cause you're all two sides
And you're struggling
We won't let this slide
Oh baby, not this time
So when I get the chance
To expose the truth
I'm gonna make my move
I'm gonna make my move

'Cause you're in love with love
You're not in love with him
And I can tell by the way you play it off
Like you don't know what you're doing to him

And we've heard all about you
We know your every move
'Cause you're paper thin and it's visible

And with or without you
He'll make it through
'Cause you're paper thin and it's visible

And we've heard all about you
We know your every move
'Cause you're paper thin and it's visible

And we've heard all about you
We know your every move
'Cause you're paper thin and it's visible
And with or without you
He'll make it through
'Cause you're paper thin and it's visible
