Here's to words that tell the truth  
When it's easier to lie  
Here's to staring into the sun  
When you should close your eyes

I was the dark before the dawn  
The voice without a song  
The words that came out wrong  
But you heard me all along

Untangle me  
I'm not looking for a sign  
Keep your body next to mine and set me free  
Untangle me  
From these feelings trapped inside  
Way out past the smoking fire is where I'll be  
I've been waiting such a long time for someone to  
come along  
Untangle me

I'm on the inside looking outside  
It's the only place I've been  
Hesitating, suffocating  
But then you let me in

I was the storm before the calm  
The hopeless hanging on  
The words that came out wrong  
But you heard me all along

Untangle me  
I'm not looking for a sign  
Keep your body next to mine and set me free  
Untangle me  
From these feelings trapped inside  
Way out past the smoking fire is where I'll be (yeah)  
Whoa oh, untangle me  
Whoa oh

And maybe for the first time you'll get the best of me  
The part that isn't broken like before  
The man I'm not afraid of anymore

Untangle me  
I'm not looking for a sign  
Keep your body next to mine and set me free (yeah)  
Untangle me  
From these feelings trapped inside  
Way out past the smoking fire is where I'll be  
I've been waiting such a long time for someone to  
come along  
Untangle me (whoa oh, oh no baby)  
Untangle me (whoa oh, I'll keep on waiting)  
Untangle me (whoa oh, that's all I'm saying)  
Untangle me
