I will collapse
So let's make this moment last
I am alone
No, not because I'm lost
Because I'm found
And I like the way it sounds when I'm at home
Don't tell me I can't do it on my own

Then you did collide
And broke through the other side
Straight to my heart
You're the ember to my flame
When it gets dark
And I love the way it feels
When I'm with you
And I cannot find the words, no

230, paces to my places
Oh I should not be alone
I'll burn this house down
No need for walls now
When I'm with you, I'm at home

230, paces to my places
Oh I should not be alone
I'll burn this house down
No need for walls now
Because when I'm with you
I feel like I'm at home

230, paces to my places
Oh I should not be alone
I'll burn this house down
No need for walls now
When I'm with you, I'm at home
