Hold me down-cause I don't want to wait  
I've been blackmailed by myself into this state  
Shut it up-cause I don't want to hear  
There old and boring ethics must end right here  
Hold me down-cause I don't want to be  
Another victim of salvation that is choking me  
Set it off-cause I've had enough  
So please please please yeah baby please shut up

Consider me consider this  
Empty phrases kissing on emptiness

Hold me down-cause I don't want to wait  
For some lame unemployment plan to set the record  
straight  
Shut it up-cause I don't want to hear  
About prospects of redemption by the things we fear  
Hold me down-cause I don't want to go  
Things are moving backwards baby or not at all  
Set it off-cause this is killing me  
Just waiting for something that will set us free for real

Consider me consider this  
Empty phrases kissing on emptiness

And you see now baby how this fire turns to flames  
And I kept hoping that things they would change  
But now I see that what they are offering me  
Are just bigger cages and longer chains
