hey brother won't you please open up your heart for me
now
and sister the best dreams to dream are still for free
no more dead time with you on my mind with you by my
side
our hungry hearts and this old world's about to collide
let it begin tonight we'll win, let it begin tonight we'll win

let's all share our dreams, all share our dreams,
let's all share our dreams under a communist moon
all share our dreams, let's all share our dreams,
all share our dreams under a communist moon

hey sister I'm counting the minutes until you're here
with me yeah
and brother if you want to join in please feel free
it comes everywhere it comes all at once below and
above
from desperate times comes radical minds living
armed love

let's all share our dreams, all share our dreams,
let's all share our dreams under a communist moon
all share our dreams, let's all share our dreams,
all share our dreams under a communist moon
let's all share our dreams, all share our dreams,
let's all share our dreams under a communist moon
all share our dreams, let's all share our dreams,
all share our dreams

we find hope in our hands, it'll see us through the night
and all of our dreams and all our plans will come alive
tonight,
will come alive tonight
let it begin tonight we'll win, let it begin tonight we'll win

let's all share our dreams, all share our dreams,
let's all share our dreams under a communist moon
all share our dreams, let's all share our dreams,
all share our dreams under a communist moon

the moon up above will show you the love to
see us through the night, see us through the night

let's all share our dreams, all share our dreams,
let's all share our dreams under a communist moon
all share our dreams, let's all share our dreams,
all share our dreams under a communist moon...
