I saw my face on a wanted sign, it was plastered all
over town
I saw my face on a wanted sign, high-treason was my
crime
It's all a part of the conspiracy, the hunting down of you
and me
I saw a wall full of wanted signs, and I see your face I
see it all the time
They're looking for us everywhere, everywhere and we
don't care
I saw my face on a wanted sign, it was plastered all
over town
I saw my face on a wanted sign, so I knew I had to get
on down
I had to change my identity, find a new face for you
and me
I saw my face on a wanted sign, I knew right there I had
to blow my mind
They're looking for us everywhere, everywhere and we
don't care

Yeah, I want to do it right
Everybody knows that were all crazy, everybody knows
that were all fucked up
Yeah, I want to do it right
Everybody knows that we're all fucked

Everybody knows that we're all crazy

A new face so that I could get away, get away for just
one single day
A new identity in a hundred ways, no more an outcast
or a slave
So I slipped into my brand new part, an open book, a
brand new mark
A new identity for you and me, a new face that might
set us free
Because they're looking for us everywhere, everywhere
and we don't care

Yeah, I want to do it right

Everybody knows that we're all crazy, everybody knows
that we're all fucked up
Yeah, I want to do it right
Everybody knows that we're all fucked

I said hey now, I said hey hey
Everybody's got a new face
