Where do you wanna go?
Into the city of Baghdad or just downtown LA.
A lot of rubble to get buried under.
Too many dead to know the names.
What's the price how many lives.
How many landfills will make it right.
Bring out the guns bring out the tanks.
Got an army of poor in the ranks.

Washington bullets.
Shots heard around the world.
Washington bullets.
Come on all you boys and girls.

What do you want to see?
A world controlled by oil refineries.
Or a culture that feeds our needs.
Do we want to get run down by capitalist machinery.
It's guaranteed to set us free.
Gunpoint democracy.
We're all bred to feed.
State controlled war industry.

Washington bullets.
Shots heard around the world.
Washington bullets.
Come on all you boys and girls.
Washington bullets.
Shots heard around the world.
Washington bullets.
Come on all you boys and girls.

We all bleed into the ground.
Take a bow for another round.

Washington bullets.
Shots heard around the world.
Washington bullets.
Come on all you boys and girls.
Washington bullets.
Shots heard around the world.

Washington bullets.
Come on all you boys and girls.
Washington bullets.
Washington bullets.
Washington bullets
