[Verse 1]

I've got that elder wand and it responds to what I think  
and what I say  
And whether or not it's dangerous has no influence on  
this day (Hey).  
Make no mistake, you are awake like we there no more  
blake  
You've been having those shakes ever since your first,  
taking this DTS quick, (great).  
We survived the plague did on a basis patience,  
It takes the provide on this day that aches you,Â  
Makes your face lift, relationships.  
For a second you wait, then you walk away,  
Wait to tell 'em "whoa"  
It's okay to shame them, nothing matter no more.

We're the best who ever had (gonna have), tell a friend  
to tell a foe that a grab,  
Underwent for what, don't fold that. Tell a pal to  
telegram, tell a cop,Â  
Tell your mom to tell your dad, we had a laugh. All you  
expect to be expand to rock fans  
No brain allowed to talk pro that, perfect for zipping,  
has no splash,  
Grabs more for junk, let yourself go. Insomniac, I don't  
need blow  
I blast you like we're outcast, head off, h1 and no  
kimono.  
We better go, walking, all surrender sacrifice,  
We enter in your life, protect you as the famous Friday  
night.

[Hook]

Look at what the cat drug in, look at what the cat drug  
in,Â  
Look at what the cat drug in, he has your tongue.  
Look at what the cat drug in, look at what the cat drug  
in,Â  
Look at what the cat drug in, he has your tongue.  
Look at what the cat drug in, look at what the cat drug  
in,Â

Look at what the cat drug in, he has your tongue.  
Look at what the cat drug in, look at what the cat drug  
in,Â  
Look at what the cat drug in, he has your tongue.

[Verse 2]

Damn, did you see that halogen light show, I just  
scared hypos, played at my scroll,  
As I began my dice stroke, with my hoes, I did it price  
hold.  
Galosses explode, I be a uterized, I move your thighs  
and confidently call you boot to pie, I ease ya up to the  
sky.  
Read you, your Miranda rights, you're mine now, girl  
fuck your friends,  
And you ain't care my shy, you're a ran to July, make  
love to the lens.  
Call you my color girl even though you're German  
Irish,Â  
Gazing at your perfect iris, I stroke like hit of iceberg.  
You're here to stare? That's the exact sound of my  
heart breaking,  
I'm no heart breaking, my love making it's a star  
waving, 'cause I'm a large baby.  
If you think I'm a prince around, your visions been  
Instagram,  
I can reset you like I step that ground, so I'm a lot at  
thought in this witness stand.  
Never walk around my city with pinching art,  
My heart's been enlarged, if you scour my sim card.  
Retracing a freak, tracing the thief, I put at hold with  
shitty guards,  
Blaming all those hoes when they know that I was in  
charge.

[Hook (Hook End)]

He has your tongue, he has your tongue.Â  
He has your tongue, he has your tongue.

[Verse 3]

Maybe the worst mistake you ever made in your whole  
lifeÂ  
Going once, going twice, will never happen,Â  
Offs and off, no emotion,Â  
We're passing along the pass out, crash out,  
Stay annoyed, mash mouth, cash cap,Â  
Twenty questions written on your glass house,Â  
With lipstick, you dip shit, need I be specific,  
On there whistling, pumpkin missing, mixed with birth  
and death certificate.
