(And the rain beats on my roof)
(And it does not ask for proof)

It's not that lovers are unkind
She always said there'd come a time
When one would leave and one stay behind

We both knew people sometimes change
And lovers sometimes rearrange
And nothing's quite as sure as change
And the rain beats on my roof

Look through my window (yeah)
To the street below
See the people hurryin' by
With someone to meet, someplace to go
And I know I should let go

She always said i'm not like you
When love is dead for me it's through
And I will find and love someone new
(And I will love somebody new)

Look through my window (yeah)
To the street below
See the people hurryin' by
With someone to meet, someplace to go
And I know I should let go

I must admit she knew her mind
And it will not take her long to find
Another place where the sun will shine
(Another place, another place where the sun will shine)

(And the rain beats on my roof)
(If I still require proof)
(Well the rain beats on my roof) she's gone
(If I still require proof) she's gone
(Well the rain beats on my roof) look through my
window
(If I still require proof) all the people
(Well the rain beats on my roof) I love her

(If I still require proof) she's gone
