Safe in my garden, an ancient flower blooms
And the scent from its nature, slowly squares my room
And its perfume being such that it's causing me to
swoon

Safe in my garden, an ancient flower blooms
(Could it be we were hot wired, late one night we're
very tired)
(They stole our minds and thought we'd never know it)
And the scent from its nature slowly squares my room
(With a bottle in each hand, too late to try to
understand)
(We don't care where it lands we just throw it)

Somebody take us away, somebody take us away

Safe in my garden, an ancient flower blooms
(Could it be we were hot wired, late one night we're
very tired)
(They stole our minds and thought we'd never know it)
And the scent from its nature slowly squares my room
(With a bottle in each hand, too late to try to
understand)
(We don't care where it lands we just throw it)

And its perfume being such that it's causing me to
swoon
(Somebody take us away)

When you go out in the street
So many hassles with the heat
No one there can fill your desire
Cops out with the megaphones
Telling people stay inside their home
Man, can't they see the world's on fire

Somebody take us away, take us away

Safe in our garden, an ancient flower blooms
And the scent from its nature slowly squares my room
(Cops out with the megaphones)
(Tellin' people stay inside their homes)

(Man, the world's on fire)

Take us away, take us away
