[Hook]

It's our time, to shine  
And make, a million  
We are the ones, that bump and grind all day  
So, we're ghetto children

[K-Rino]

I come so hard, they put a stray jacket on my tongue  
Bust flows, with handcuffs on my lungs  
Didn't have a gun, but the blast still stung  
Didn't have a rope, but his ass still hung  
Living in the ghetto, no time to smile  
Laws and playa haters, get placed in one pile  
By the time they realized, they legs were chopped off  
My foes, had already ran 21 miles  
When it's time to hit the streets, I ain't got no friend  
We're all living in sin, multiplied by ten  
Down to spit a word, at the speed of the wind  
And never be ashamed, to tell you hoes I punched in  
You came to the table, ready to throw quick  
Wanna see how aggravated, my lyrical flow get  
Got jacked, looking for a new target to go hit  
(you be rapping your ass off K), no shit  
I see I gotta be the one, to let the world know  
Just because your words rhyme, don't mean you got  
flow  
Y'all don't wanna run up, on K and Z-Ro  
We was writing on your level, at the age of 4  
Ain't saying a damn thang, talking loud  
Flows weaker than water, still acting proud  
Every wack ass show you throw, you got mo'  
Motherfuckers on stage, than it is in the crowd  
On top challengers, I can face those  
The coldest in the game, no doubt we rape flows  
Can you create, tight shit  
Without having to smoke some weed first, oh you can't  
case closed  
I'ma take the game, to levels you never seen  
Teach you bout delivering, lyrics you never mean  
Pushing a perpendicular, paragraphs of punishment  
Mutilating the devil, and stinging him till you scream

Quick to make a lick, then handle the ends  
Putting tricks to bed, when I'm rattling chins  
Strangle, hitting from a psychological angle  
Backdo' him, till he feel like he battling twins  
Been in the game, since 1984  
Love the underground, fuck the radio  
Need a billion dollas, 'fore I leave out the do'  
So devils and fake partnas, so long they gotta go

[Hook]

[Z-Ro]

Staying on the grind, all the day long  
Puffing on a sack, until all the hate gone  
Steady running, through my veins  
I gotta go and get a pocket full of change, hustling  
before all the day gone  
I been pimping a pen but, probably fluctuation in the  
nation  
Of poverty, stricken people  
So everybody, trying to get a piece of the pie  
But the pie for white people, in the land of evil  
Me myself, I'm a goodfella  
Raining on a hater parade, grab an umbrella  
Catch you at the light, catch you at the ATM teller  
Young fella, at his last hour  
Caught up, in a non sugar coated shower  
Raw damaging, motherfuckers ain't managing  
To get away, from my beam  
Leave a nigga not standing when, I shoot him and stab  
him  
Can't get away, from my team  
Ain't nothing but killers and drug dealers, and blood  
spillers in one spot  
Eagle talons hollow points, and regulars in one glock  
Take it out, it take one cock  
Take over the whole city, but begin with one block  
It's a promise, of paper will put a pimp plump out a  
pocket side  
Motherfucker I'm willing to kill, and willing to die  
Any nigga willing to try, cause I don't bar nothing  
Leaving son of a bitches, in stitches  
For my riches, cause I'm paid in cash  
Running up on em, where the wet marijuana square  
Fried out, who's gonna save his ass  
Sick cause I don't like busting a men, I gotta get my  
grub on  
So my family, can get they grub on  
And when we grubbing, it's a family affair  
Gotta get enough grub, for everybody to grub on  
Everyday all day, on a mission to make that money

Gotta get that pay, K dash Rizino and Z-Riggy-Riggy Ro  
Gon get our share, and fuck ass and for  
We taking it, leaving bald spots in they hair  
Life is hard, but it's fair

[Hook]

[Bridge]  
Penitentiary chances, taken  
We're risking, our own li-i-ives  
But now, we pimp a pen all day  
Collecting G's
