make tracks never see your fake ass so for right now
this is payback ha, hit em with that ADAT they wack they
lack what it takes so they say bad things about me but
they already know that they fuckin with a straight mac-
let's go [Hook] They see us pullin up in fancy rides yea
and I can see the look in the eyes they see us throwin
money off of the stage yea and I can see the look on
they face this goes out to the ones who hate this goes
out to the ones who hate let me just get this one thing
straight you could never see me- ne-never see me
