Oh my God I'm finally all alone  
Here with the only ghost I care to know  
You left me sitting deathly on that shore  
I left you there in some letters in a chest of drawers

Now the people they talk  
But they don't know what to say  
Their mouths are moving, that's all  
But I didn't catch a word  
Oh no, no I didn't catch a word  
Oh no, there wasn't one to be heard

I think that tonight I just might end up downtown  
I'm gonna find the tallest bottle  
You're gonna watch me drown  
Yeah, you know, I think that tonight I just might end up  
downtown  
I'm gonna find the tallest bottle  
You're gonna watch me drown

Now the people they talk  
But they don't know what to say  
Their mouths are moving, that's all  
But I didn't catch a word  
Oh no, no I didn't catch a word  
Oh no, there wasn't one to be heard

I wake up every morning and I still can't believe  
God is peeling all the skin off my family tree  
Why's He peeling all the skin off my family tree?  
Why's God peeling all the skin off my

Now the people they talk  
But they don't know what to say  
Their mouths are moving, that's all  
But I didn't catch a word  
Oh no, no I didn't catch a word  
Oh no, no I didn't catch a word  
Oh no, there wasn't one to be heard
