Working down my way up the ladder
Thinking 'bout my possibilities
While you are laughing at my descent
Into real life, real hopes, real dreams

Chorus
Taste the sweetness of my
Destiny oh, I am flying
Taste the sweetness of my
Destiny oh, I am flying

Stepping up to crack my head
Against a wall of possibilities while
You are laughing at my descent
Into real life, real hopes, real dreams

Chorus

Things saved, things aren't forgiven
When talking 'bout the possibilities and
Stop your laughing at my descent
Into real life, real hopes, real dreams

Chorus
