"Let Me Love You"

Visit "[Let Me Love You](#)" on MotoLyrics.com

Chorus

Little light, shining bright
Guide the stars tonight
Endlessly may you shine brilliantly
Lead the way tonight

Make it shine so all can see
Live and love and harmony
And you can be
A little light for all to see

Chorus

All the world around you here
Loves you so and holds you dear
So you can be
A little light for all to see

Chorus

Live a life of peaceful bliss
Share your love and laughter
And you can be
A little light for all to see

Little light, shining bright
