Blow your mind, what matters?  
Who cares about what is to come  
Living life today now, blindly stumbling,  
Feeling numb

A heavy dose of freedom  
Lacking worldliness so fair  
Sing and dance today now  
Live your life without a care

Chorus  
Letting the good times slip on by  
Letting the good times slip on by

Stand behind the ropes  
In hopes of being let on in  
Beyond the doors of virtue  
Step into a world of sin

A taste of this and that  
Let it linger on your tongue  
I'm just tasting life  
Blindly stumbling, feeling numb

Chorus

Lead me down the doorway  
Secrets no where to be seen  
I trust that you will mind  
Your own business, so obscene

Many faceless, many famous  
Party through the night  
Don't forget your treat  
Before you step into the light

Chorus

Once we stood in one line  
Anxiously waiting to swing  
Now we stand in one line

Wait for healing to begin

Some faces gone awry  
Some faces growing thin  
Some faces now are lost  
Never to see again

Chorus
