Who looks at her life in the palm of her hand
Rain's on the roof, there's tears in the land of
heartbreak
She has made up her mind, she won't turn back again
She writes a note, but words just won't say
Turns off the TV, pulls down the shade
She's leaving... no she won't change her mind
To leave it all behind

Just one more story from a lonely road
A twist of fate and then a spot of gold
Out on the rainbow's end
Just one more chapter in a sad hotel
Another penny to the wishing well
Out on the rainbow's end
Don't you turn back again
Who's playin' cards from midnight 'til dawn
Lives in a waste and yesterday's gone forever
He's made up his mind to leave it all behind
So he says to himself as he folds up his hand
Ooh, will all my friends will understand where I'm goin'
To find my own way, I won't turn back again.

Just one more story from a lonely road
A twist of fate and then a start of gold
Out on the rainbow's end
Just one more chapter in a set of ten
Another penny to the wishing well
Out on the rainbow's end
Don't you turn back again.

I have a dream that I hold in my heart
And I won't let go
Welcome tomorrow - I'm on my way
So goodbye yesterday... Goodbye yesterday

Just one more story from a lonely road
A twist of fate and then a spot of gold
Found on a rainbow's end
Just one more chapter in a set of ten
Another penny to the wishing well

Out on the rainbow's end
Don't you turn back again
