Floating down the dream river
With the moon and stars above
Maybe they can help me find a way
To have your whole love

Sleeping in the darkest room
Dreaming you are in my arms
Oh, how I wish my dream comes true
With all my heart

Don't want this night to end
Don't wanna live without you

Floating down the dream river
With you by my side
I know it's make-believe
But please don't wake me, I don't mind

Don't want this night to end
Don't wanna live without you

Floating down the dream river
With you by my side
I know it's make-believe
But please don't wake me, I don't mind

I know it's make-believe
But please don't wake me, I don't mind
