You walk on higher ground like the holy ghost I haven't found

The mighty words you speak they bounce off the strong but are heard by the weak

Their pennies just keep on coming in their spirits are still soaking in their sins

Some say they're ever born again

See what you can find (at the end of the line)

There's no end in time (at the end of the line)

There's no piece of mind (at the end of the line)

The time has finally come to relinquish the throne that doesn't belong

For only you can tell if the pardon will come or will you burn in hell

You tried to recover dirty stones from love filthy games played on the road

Now it is you who stands alone

See what you can find...

[guitar]

Their pennies just keep on coming in the spirit's still soaking in his sins

Some say they're ever born again

See what you can find...

You can't run you can't hide and there's no piece of mind

[guitar]

No no no at the end of the line at the end of the line at the end of the line
