Why was I so wrong
When everything was right?
I thought that you would long
For my arms to hold you tight

You never even called
Or stopped to say hello
So now I'm sad and blue
While you're just glad to go

Remember all the times
When you were missing me?
Because I'd be gone so long
But not eternally

I always turned around
To find my way back home
But the only thing I found
Was I found myself alone

And I may never find another one to hold me
I may never find another one so true
Maybe I'll just find myself all sad and lonely
Maybe I'll just never find another you

Forever lonely, forever blue
For never knowing that you were true
Forever thinking you'd love me too
So you've gone and now I don't know what to do
So I guess I'll always be forever blue

Will you be so kind
As to leave my heart alone?
That's where it needs to be
So it won't hurt no more

As long as you're around
And not here with me
My smile will be a frown
Forever blue I'll be

And I may never find another one to hold me

I may never find another one so true
Maybe I'll just find myself all sad and lonely
Maybe I'll just never find another you

Forever lonely, forever blue
For never knowing that you were true
Forever thinking you'd love me too
So you've gone and now I don't know what to do
So I guess I'll always be forever blue
So you've gone and now I don't know what to do
So I guess I'll always be forever blue
