It's one of those days
When trying to make a Dollar's
Got me wearing thin
And what I thought was right
Just turned out to be wrong again

You know it don't pay
To have a broken back
From carrying all those worries 'round
But honey I have found

That I got you to make me love you
I got you to make me care
I got you right here beside me
When nothing else is there

It don't matter about the money
'Cause I got your lovin' honey
And I could lose it all today
But I got you

You know me well
Well enough to know if it's me
Or only my foolish pride
That make me say the things
To you that only make you cry

And you can tell
When the time is right
To hold me tight or let me go
But darling I need you so

I got you to make me love you
I got you to make me care
I got you right here beside me
Oh when nothing else is there

It don't matter about the sorrow
'Cause I still have you tomorrow
And I could lose it all today
But I got you

Well it don't matter about the sorrow
'Cause I still have you tomorrow
And I could lose it all today
But I got you

And I wish there was a way
But words could never say
The love I feel today
'Cause I got you
