You're everything I'll ever need beside me
Because of you I'm never feelin' blue
Just promise that you'll stay with me forever
So I can spend my whole life lovin' you

I want to wake up in your arms each mornin'
The same place that I've been the whole night through
I'll whisper in your ears sweet nothings
And then I'll spend my whole life lovin' you

I never dreamed
You'd be with me
Please make this last
Eternally

I miss you darlin' when we're not together
Believe me when I say my love is true
Just promise that you'll stay with me forever
So I can spend my whole life lovin' you

I never dreamed
You'd be with me
Please make this last
Eternally

I miss you darlin' when we're not together
Believe me when I say my love is true
Just promise that you'll stay with me forever
So I can spend my whole life lovin' you
So I can spend my whole life lovin' you
