A shoulder to cry on, someone to lean on  
Someone to take you away  
Someone to talk to and somewhere to walk to  
I need to remind you some way

Whenever you need me, I'll make the time  
To be with you, to be with you

A night to remember the rain in September  
I want to share it with you  
The month by the ocean we swore our devotion  
Would make all our wishes come true

Whenever you need me, I'll make the time  
To be with you, to be with you

I want you to know  
I've never before felt this way  
No other words can say  
I was lost just yesterday until I found you

Whenever you need me, I'll make the time  
To be with you, to be with you

A night to remember the rain in September  
I want to share it with you
