When the sun burns in my eyes I realize that I'm alive  
Yeah, sometimes people die but it's alright  
It's just a time in their lives  
And I'm one to get so high  
I watch the lovers falling from the sky  
I try to catch a handful of desire but it's on fire

I got  
12345 ways to get by  
And if we try we'll end up high enough to fall in love  
again

So hold on to what you find  
Keep it inside, hold it up high  
Watch the other try to take a bite of your pie

They'll give you  
12345 ways to get by  
And if we try we'll end up high enough to fall in love  
again

If your lover's by your side you'll be alright  
You'll be fine  
Thanks the Gods for all the reasons why you're still  
alive  
Have no fear touch the sky  
No, you can't fall if you don't fly  
Don't ask me I don't know exactly why there's only five

There's just  
12345 ways to get by  
And if we try we'll end up high enough to fall in love  
again

Give me  
12345 ways to get  
12345 ways I can  
12345 ways to get by, ways I can find, ways we can try,  
ways to get high, ways we can fly
