la la la, la la la, la la la, la la la, la la..  
Ohh..

(T-PAIN)

It's been 2 months and 20 days  
the last time I layed my eyes on you  
(and I'm sick and tired)  
of not bein around you  
(and I'm sick and tired)  
of not seeing your face  
and baby I know...  
that It's killing you too  
I can hear it in your voice  
when I'm talking to you  
(on the phone late at night)  
my conclusion is  
(bein alone ain't right)  
so confused babe  
some nights i cry  
(thinking about you babe, cant do with out you babe,  
please believe)  
that I got this thing covered and  
you ain't ever gotta worry bout nothin  
so baby please tell me

(CHORUS X2)

if theres anything you want(want)  
anything you need (need)  
there aint nothin in this world that you cannot have  
all you gotta do is ask for it  
all you gotta do is ask for it

(NIVEA)

many nights I cried  
thinkin about you boy  
I've been dreamin about you boy  
now we're seperated boy  
theres one thing to say

but you gotta show you love me  
because it's 15 min after 3 and im still waiting to see  
you  
and I, I... I'm so tired of it boy  
and I, I... done everything I could for sure  
I've been sittin alone and I'm so gone  
and I know you miss me  
I'll be out the door coming back no more  
no I don't want speak to you..you you you..  
I did anything for you babe  
everything for you babe  
used to say that I had you sprung  
used to treat me like I'm the one
