Little child  
You're so vacant  
And impatient  
There's no saints here  
It's true  
Don't Wait Up  
Don't wait up tonight  
Don't Wait Up  
You're the last thing on my mind  
Don't Wait Up  
Aw take your sleeping pills  
And I'll be home in the morning  
Little child  
Give us a smile  
I'll be long  
But I'll do no wrong for a while  
For you  
I wouldn't care at all if  
You spent the night out  
I wouldn't care at all if  
You kept on shouting  
Come Home Now!  
Little child  
Don't wait up now  
'Cause  
I, I won't wont be around  
Aw it's true  
Don't Wait Up  
Don't wait up tonight  
Don't Wait Up  
You're the last thing on my mind  
'Cause all my life  
I waited up for you  
And I'll be home in the morning  
I'll be home in the morning  
I'll be home in the morning  
I might be home in the morning
