"Never Been So Sick"

I've never been so sick before
You've never been dope sick before
I never felt so sick before
'Cause I'd never been dope sick before
I never been so sick before
You never been dope sick before
I've never been so fucking before
'Cause I'd never been dope sick before
Oh you come around knocking on my door
Say you never been so sick before
I can't recall my life before
When I'd never been dope sick before
Oh, when you go
Let me know
I traded it all in for dope
I'm a fool
Such a fool
I'll always be singing for you
I've never been so sick before
I've never been dope sick before
