Check it out y'all...

This is Aceyalone on the microphone  
and we got my nigga Punish on the beatbox  
and we gonna show you how WE does it...

Anywhere you go  
I am going to find you  
And every time you flow  
I'll be right behind you  
Just to let you know and  
constantly remind you  
You can never be as dope as I am  
God-damn

Now I know you hate it when the MC ain't fly  
So I come in the party live  
Chopping rappers down to size  
I know em when I see em cause they got that look in  
their eyes  
Surprise  
Aceyalone has arrived  
They surround around the microphone like shit attracts  
flies  
I arise  
The Thai gets me high  
I find him, stand right behind him and I spy  
No more than two tries; either freaks it or you die  
I waited; somebody stated "He's intimidated"  
I was faded; I played it like any other brother would've  
played it  
Nut soon as I grabbed the microphone I went into a  
frenzy  
Started givin niggaz black eyes like Spuds Mackenzie  
when that bud's in me  
Now one of these niggaz tried to tell me my shit was  
hopeless  
His homeboy was on the other side sayin "Man your  
shit's the dopest"  
All of a sudden another rapper pushed his way through  
the crowd  
Came and stood in front of me and told me he was

proud

Then he bowed, told me that he liked the way I styled  
I thanked him, I smiled  
then I had to be out

Anywhere you go  
I am going to find you  
And every time you flow  
I'll be right behind you  
Just to let you know and  
constantly remind you  
You can never be as dope as I am  
God-damn

Now I'ma give shout out to all the dope MC's in the  
world...  
Y'all know who you are

You know I got the kinda style that everybody yearns  
I mic check; I break a niggaz nectar like Kerns  
Cause you are a worm, you are a germ  
and you are about to be stepped on  
so you should be concerned  
ilf you have a perm then it's permanent  
It's affirmative you will burn  
Make a right turn turn  
then a left turn  
then a u-turn turn  
Come all the way back, return  
Stand stern and maybe you just might learn  
about the firm  
I used to be a sperm -- shoot  
got derm  
Nobody better not squirm  
til my meeting is adjourned  
Okay I'm through  
And I rock from here to Peru  
Vern  
I could've sworn you knew  
that AC's having a rap sale  
you wanna buy 1 or 2?  
or 3 or 4 or 5  
or 6 or 7 or 8  
or 9 or 10 or 11  
or 12 or 13 or 14?  
Cause me and the mic are courting  
My circuit breaker's shorting  
My memory is aborting  
I can barely remember this flow  
but wack MC's ya still got another zillion miles or so to  
go

Anywhere you go  
I am going to find you  
And every time you flow  
I'll be right behind you  
Just to let you know and  
constantly remind you  
You can never be as dope as I am  
God-damn

They pushed that rapper in front of the train  
Took him to the doctor sewed his arm on again  
Stabbed that rapper right in his heart  
Gave him a transplant for a brand new start  
and then he stopped; he started again  
he forced bounced it and vomited  
Now you know who's the dominant dog  
that got to be given you that rhyme style  
man child, locked in the promised land  
I'ma stand in the middle of an open hand  
that's extensive  
Cause I don't flow religiously or relentlessly  
for innocent-minded-ticity  
Okay I win and the battle's like over  
Got a satellite Rover  
with a rocket telescopic sprocket pocket pulley  
and a fully automatic stun gun cause I'm a bully  
My hair was wooly I'm a muillion  
a calmer Jeffrey Dahmer hater  
I'm greater than the latest greatest innovators  
can go to hell, cause I say this so well  
You can whistle my melody or noel  
You're still gonna get the Speak n Spell  
I get my ink from inkwell  
my paper from the trees  
I swell up when I eat MCs  
so eat these  
and stand at attention  
did I forget to mention  
my classes aren't expensive  
That's if you are an uncomprehensive  
Defensive sensitive  
toy rapper  
Little boy rapper  
Momma's wittle wappin man wapper  
Now you got me reachin for my zapper  
I'll cut you off with a clapper  
But that's for old gentlemen  
who drink coffee with cinnamon, it'll take ten of them  
Then again did I mention I'm potent  
Totin holdin reloadin votin

with my channel changer fool  
and since I don't speak Greek stranger  
I'ma give it to you in layman's terms so you'll learn...

Anywhere you go  
I am going to find you  
And every time you flow  
I'll be right behind you  
Just to let you know and  
constantly remind you  
You can never be as dope as I am  
God-damn
