Here we are, finally sitting face to face
Tryin' to figure out what's right, and what is wrong

And it's hard boy, 'cause it started out so right
When we met, I knew in seconds, you were meant for
me

Is it over, is there no more you and me?
Is it time for me to let you go, and set you free?

Do you need me, could we stay and work it out?
Should we try to get it back to what it used to be?

It took years to find a person like you
Now I'm standing here with nothing at all

(Chorus)

I know you don't wanna hear my story
You don't wanna see my point of view
I know that in love there ain't no glory
You better be careful what you do

Now it's different, we're in trouble once again
And I know what we're both wonderin', if it's the end

I feel lonely, even thought you're by my side
Boy you gotta' let me know now, what is on your mind

It took years to find a person like you
Now I'm standing here with nothing at all

(Chorus)

If it's time to walk away, just don't do it if you can't take
the fall
'cause it takes some time to figure out, what to do with
my life

Now that you're not around

(Chorus)
