So deep into the orchard, you will stumble
On the skins of snakes, so let me know
Your nerves will lose the road
And I will boil the curtains
To extract the drugs of springtime
But that unicorn, he stirs up as a mule
I said throw me in the fire now, come on
I said throw me in the fire now, come on

And far out on the ocean
With a colored nail I'll force the whale
We'll tattoo all our crimes across his back
Had to see him swim up to the harbor
Of the city with the shiver in the buildings as we
drowned
I said throw me in the fire now, come on
I said throw me in the fire now, come on

'Cause we will paint our house with water
To have an outlet for a sigh
Oh, and as I never see the changes
I will be useless as I try
As I said, "Baby, don't cry"

You said I look just like Mosiah
A cloudy night, just finding out
The wise men lost, but still they found a son
And deep into the orchard, you will lead me
By the skin of snakes to let me know
My sentence as it dries
I said throw me in the fire now, come on
I said throw me in the fire now, come on

'Cause we will paint our house with water
To have an outlet for a sigh
Oh, and as I never see the changes
I will be useless as I try
As I said, "Baby, don't cry"

The colors of the water streams
Been floating through our pistol dreams a long time
And I never went to see the fall

Before the barrelled builder called, "Forgive, oh me"
You said throw me in the fire now, come on
I said throw me in the fire now, come on

'Cause we will paint our house with water
To have an outlet for a sigh
Oh, and as I never see the changes
I will be useless as I try
As I said, "Baby, don't you cry"
