This country looks like one big car park
The winters are so very long
And everybody wonders where the light has gone

And shallow is moving state lines
But Africa has winter sun
And you and me
We're just two creatures on the run

And we'll go where the crowds don't stare
And no one frowns at what we wear
For my fate and we relocate

We fly over the endless ocean
We're heading for the winter sun
'Cause you and me
We're just two creatures on the run

And shallow is moving state lines
Africa has winter sunshine
And you and me
We're just two creatures on the run

We'll go where the crowds don't stare
And no one hates us for are hair
For my fate I've paid my stake
Oh we'll relocate

We'll fly over the endless ocean
We're heading for the winter sun
'Cause you and me
We're just two creatures on the run

America's our supermarket
In India we'll take some stopping
'Cause you and me
Are just two creatures on the run

In Asia we could mend out breakdown
'Cause you and me we must escape now
'Cause you and me
We're just two creatures on the run

You and me
We're just two creatures on the run
You and me
We're just two creatures on the run
You and me
We're just two creatures on the run
