Standing here  
Im cold inside with fear  
And I can't feel my soul  
Take me in  
Im yours again for awhile  
Just like the last time

lead me from the fear  
and I won't leave you here  
there's a way out, there's a way out  
there's a way from here-believe  
lead me from the fear  
and I wont leave you here  
there's a way out, there's a way out  
there's a way from here-believe

I feel weak  
And Im slowly losing touch  
With what is left in me  
Take me in  
Im yours again for awhile  
Just like the first time

lead me from the fear  
and I won't leave you here  
there's a way out, there's a way out  
there's a way from here-believe  
lead me from the fear  
and I wont leave you here  
there's a way out, there's a way out  
there's a way from here-believe

And I need you  
To keep me here  
Im starting over again  
And I need you  
To keep me here  
Im starting over again

lead me from the fear  
and I won't leave you here

there's a way out, there's a way out  
there's a way from here-believe  
lead me from the fear  
and I wont leave you here  
there's a way out, there's a way out  
there's a way from here-believe

there's a way out, there's a way out  
there's a way from here-believe

there's a way out, there's a way out  
there's a way from here-believe
