I'll break it and defy you  
I'll find a way inside you  
I'll be the one to try you  
I'm standing to deny you  
I'll find a way to keep you out  
I'll be the one to face you down  
If there's a way to find you  
This time I'll be the one that brings you down  
You've done this  
No need for words  
'Cause I've felt this  
You want, you want, you want

You want to replace me  
But you can't erase me  
You're losing ground  
I'll be the one that brings you down  
You tried to replace me  
You can't even face me  
You're folding now  
I'll be the one that brings you down

You never listen to me  
You think you can see right through me  
But you cannot undo me  
You'll never see the true me  
I'll find a way to keep you out  
I can see I'll be the one to face you down  
You try to get into me  
This time I'll be the one that brings you down  
You've done this  
No need for words  
'Cause I've felt this  
You want, you want, you want

You want to replace me  
But you can't erase me  
You're losing ground  
I'll be the one that brings you down  
You tried to replace me  
You can't even face me

You're folding now  
I'll be the one that brings you down

I never want to see you  
Don't want to be you  
'Cause I don't need you  
You never want to face me  
You can't replace me  
You can't erase me  
I never want to see you  
Don't want to be you  
'Cause I don't need you  
You never want to face me  
You can't replace me  
You're wasting away

You want to replace me  
But you can't erase me  
You're losing ground  
I'll be the one that brings you down  
You tried to replace me  
You can't even face me  
You're folding now  
I'll be the one that brings you down
